As the Professional Body for Talent Acquisition (TA), it will be important for us at ATAP to understand how TA Professionals feel about their careers, their opportunities to learn and grow, if they feel supported or understood, and what they need to be successful.

To that end, ATAP is launching the inaugural Talent Acquisition as a Career in 2018 Survey. This survey is meant for any and all TA Professionals, including ATAP members and non-members, and everyone from Corporate Full-Cycle Recruiters to Sourcers, to Agency Recruiters to Employment Branding Specialists to Tech and Service Vendors and more.

We encourage you to spend just 5-10 minutes to complete this survey, and then share it with those in your network. The survey will be open until the end of January and we are hopeful to receive hundreds if not thousands of responses. The results should provide us great insight into how TA professionals truly feel today about their roles and their opportunities to be successful in their TA career. We will be sharing the results of this survey publicly first at the Spring ERE Conference in San Diego (April 2-4, 2018), and then on the ATAP website.

Thank you in advance for taking the time to complete this survey and for sharing with your TA colleagues, and we wish all of you a happy, successful 2018!
